Title: Water/Wastewater Civil Engineer

Forsgren Job ID: REX-CE4-061917

Location: Rexburg, Idaho

Employment Type: Full-time / Exempt

Position Overview:

Building on our 54-year legacy and established presence throughout the western US, Forsgren Associates is experiencing steady growth. We are looking for a Civil Project Engineer with 4+ years of experience to help continue growing our Idaho business. The ideal candidate will have experience in any (or all) of the following civil engineering areas: water supply, treatment and distribution; wastewater collection and treatment; and utilities infrastructure planning and design. Qualified candidates should be comfortable collaborating with other staff to exceed client expectations. This position has the opportunity for professional growth in an ever-demanding industry.

Duties and Responsibilities:

- Performs in lead technical role to evaluate and design water and wastewater systems, and to generate and review construction documents, master plan reports, and water-related technical studies for municipal and public works infrastructure projects.
- Directly responsible for preparation, evaluation and approval of engineering drawings, details, construction specifications, and contract documents and for overseeing bid phases and contractor procurement.
- Works independently and in directing junior engineering and design staff (including sub-consultants / vendors) on various design and permitting tasks, and provides regular communication and updates to the project manager.
- Exhibits strong project management knowledge and skills demonstrated by the ability to proficiently develop and complete a project schedule while having the adaptability to make appropriate changes when required.
- Coordinates with government entities and various other permitting and regulatory agencies to fulfill various permit requirements.
- Performs occasional field work to perform construction inspection for compliance with industry and client standards.
- Support business development by assisting with proposals to provide engineering services or obtain funding for engineering projects or programs

The above job description is not intended to be, nor should it be construed as, exhaustive of all responsibilities, skills or competencies associated with this job.

Minimum Qualifications:

- B.S. in Civil Engineering (or related field)
- Professional Engineer (PE) registration in Idaho (or have the ability to obtain such a license within three months)

- 4+ years of civil engineering experience
- Must be detailed and quality oriented
- Must be able to handle multiple projects concurrently and maintain flexibility to changes in work assignments as changes occur in projects
- Excellent verbal skills exhibited in meetings, one-on-one exchanges and presentations; good written communication skills required for writing in a technical format
- Must work well with others as the position requires a great deal of collaboration both within the office and with clientele
- Experience with Microsoft Office Suite
- AutoCAD and Civil 3D experience preferred; GIS experience is a plus.

Benefits:

Forsgren Associates offers a competitive compensation and benefits package as well as the additional benefits of being an employee-owned company and sharing in the company's success. We respect the personal needs of our employees, and actively promote a healthy work / life balance. Empowering our team members to succeed, we reward them for their success.

Company Overview:

Forsgren Associates is an employee-owned, multi-discipline civil engineering and environmental consulting firm that provides planning, permitting, design, and construction management services for infrastructure improvement projects. Since 1962, we have been promoting responsible development by protecting and enhancing civil infrastructure... cost-effectively, promptly, and sustainably. As a result, over the past 54 years we have grown steadily to over 100 employees in 12 offices across 10 states. As we serve our growing list of clients throughout the western U.S., we continue to grow as a company even through these difficult economic times. Join us. We are committed to engineering stronger communities. www.Forsgren.com

To apply:

Please submit a letter of introduction and resume to **Succeed@Forsgren.com**. Please reference the Job Title and Forsgren Job ID in the subject line.

Forsgren Associates will not accept unsolicited resumes from third party agencies or recruiters. No fee will be paid to third parties who submit unsolicited candidates directly to hiring managers.

We thank all applicants; however, only candidates selected for an interview will be contacted. This position is subject to close at any time. Forsgren Associates is an Equal Opportunity Employer.
