Great Basin Industrial Expands in Plymouth, UT

Kaysville, UT (October 30, 2014) – Great Basin Industrial (GBI) is excited to announce the opening of their expanded fabrication facility in Plymouth, UT. The new facility resides on 32 acres and contains 60,000 square feet of fabrication capabilities.

GBI selected the site for the expanded location in Box Elder County due to the great people in the area, including a strong workforce and community leaders supportive of growing businesses. The new facility took over a year to construct at a cost of approximately \$6 million.

With a total workforce of more than 400 employees including office, shop and field personnel, GBI currently employs a skilled workforce of 35 people at the Plymouth facility that is projected to grow to 45 in the coming years.

The new location will allow for expanded volumes to serve GBI's customers; leading the way with quality and timely delivery of products to its job sites within the U.S. and Canada.

For more information, contact Great Basin Industrial (GBI) at 801-543-2100 or log on to www.myGBI.com.
