REQUEST FOR PROPOSALS

Part C – Standard Terms of Solicitation

1. INSTRUCTIONS TO PROPOSERS

A. Submission of Proposals.

Proposals will be received by the Contract Administrator via email, or as otherwise arranged between the Proposers and the Contract Administrator. The Contract Administrator will log the date and time of each Proposal received. Any Proposal received after the Deadline to Submit Proposals listed on the RFP Cover Sheet will be considered non-responsive. It is the responsibility of the Proposer to ensure that its Proposal is received by the Contract Administrator by the specified time.

B. Minimum Standards.

This RFP sets forth the minimum requirements that all Proposals must meet. Failure to submit Proposals in accordance with this RFP may render the Proposal unacceptable or non-responsive. JSSD may, in its sole discretion, waive minor irregularities in a Proposal that do not alter the quality or quantity of the information provided.

C. Confidential, Protected, and Public Information

In accordance with Utah Code Section 63G-2-305(6) of the Government Records Access and Management Act ("GRAMA"), information related to this procurement will not be made public until after execution of the contract with the successful Proposer. Procurement information includes the Proposals submitted by Proposers in response to this RFP and any accompanying documentation, as well as records maintained by JSSD during the procurement process.

JSSD will maintain a process to ensure confidentiality for the duration of this procurement. If the Proposer submits information in its Proposal that it believes is "trade secret," the Proposer must follow the procedure set forth in Section 63G-2-309 of GRAMA.

Additionally, for ease of Proposal evaluation, JSSD requests that each Proposer also follow the steps identified below:

- 1) Clearly mark all trade secret information as such in its Proposal at the time the Proposal is submitted, and state in a cover letter that the "DOCUMENT CONTAINS TRADE SECRET INFORMATION," and identifying each section and page which has been so marked;
- 2) Include a statement with its Proposal justifying the Proposer's determination that certain records are trade secret information for each record so defined;
- 3) In addition to the Proposal copies submitted in accordance with the Submittal Instructions on the RFP Cover Sheet, submit one electronic copy of the Proposal that has all the trade secret information deleted from the Proposal and label such copy of the Proposal "Public Copy." If a Proposer submits a Proposal containing no trade secret information, no "Public Copy" need be submitted. However, any Proposer that submits a Proposal containing no trade secret information must so certify in a cover letter to its Proposal; and
- 4) Defend any action seeking release of the records it believes to be trade secret information and indemnify, defend, and hold harmless JSSD and its agents and employees from any judgments awarded against JSSD or its agents and employees in favor of the party requesting the records, including any and all costs connected with that defense. This indemnification survives JSSD's cancellation or termination of this procurement or award and subsequent execution of the contract. In submitting a Proposal, the Proposer agrees that this indemnification survives as long as the trade secret information is in possession of JSSD.

All records pertaining to this procurement will become public information after execution of the Contract, unless such records are identified as trade secret information as specified above. No liability will attach to JSSD or its agents for the errant release of trade secret information by JSSD or its agents under any circumstances.

D. Submitting Questions to JSSD

Questions and Requests for changes to the RFP must be submitted via email. All questions must be directed to the Contract Administrator identified on the RFP Cover Sheet. Questions must be received no later than the Deadline to submit Questions and Requests for Changes listed on the RFP Cover Sheet.

JSSD's answers to timely questions will be issued by the Contract Administrator no later than the Last day for JSSD to issue Addenda and Clarifications, listed on the RFP Cover Sheet.

E. Requests for Approved Equals or Changes

Whenever a brand, manufacturer, or product name is indicated in this RFP, they are included only for the purpose of establishing identification and a general

description of the item. Wherever such names appear, the term "or approved equal" is considered to follow.

Requests for Approved Equals must be submitted to the Contract Administrator via email, no later than the Deadline to Submit Questions or Requests for Approved Equals.

Any request for an approved equal must be fully supported with technical data, test results, or other pertinent information as evidence that the substitute offered is equal or better than the RFP requirement.

It should be understood that specifying a brand name, components, and/or equipment in this RFP will not relieve the Proposer from its responsibility to provide the product in accordance with the performance specifications, warranty, and contractual requirements. The Proposer shall notify JSSD of any inappropriate brand name, component, and/or equipment that may be called for in this RFP and shall propose a suitable substitute for consideration.

F. Multiple or Alternative Proposals

Submission of multiple or alternative Proposals, except as specifically called for in the RFP, may render all such Proposals non-responsive and may cause the rejection of some or all of such Proposals.

G. Withdrawal of Proposals

A Proposer may withdraw its Proposal before the Proposal due date without prejudice to itself by submitting a written request for its withdrawal to the Contracts Administrator. If a Proposer withdraws its Proposal prior to the Deadline to Submit Proposals, JSSD will return the Proposal to the Proposer.

H. Cost of Proposals

JSSD is not liable for any costs incurred by Proposers in the preparation of Proposals submitted in response to this RFP.

I. Examination of Request for Proposals

The submission of a Proposal constitutes an acknowledgment upon which JSSD may rely that the Proposer: (i) has thoroughly examined and is familiar with the RFP, including any contractual terms included in the RFP, (ii) is familiar with any work site identified in the RFP, and (iii) has reviewed and inspected all applicable statutes, regulations, ordinances, and resolutions addressing or relating to the goods and services to be provided hereunder. The failure or neglect of a Proposer to receive or examine such documents, work sites, statutes, regulations, ordinances, or resolutions will in no way relieve the Proposer from any obligations with respect to the Proposer's Proposal or to any contract awarded pursuant to

this RFP. No reduction or modification in the Proposer’s obligations will be allowed based upon a lack of knowledge or misunderstanding of this RFP, work sites, statutes, regulations, ordinances, or resolutions.

J. Firm Offer

Unless otherwise stated in this RFP, submission of a Proposal constitutes an offer to provide the goods or services described in the RFP, for the price set forth in the Proposal. Such offer must be good and firm for a period of ninety (90) days after the Deadline to Submit Proposals.

K. No Collusion

By submitting a Proposal, the Proposer represents and warrants that its Proposal is genuine and not a sham, and that the Proposer has not colluded with any other parties regarding this procurement process. If JSSD learns that the Proposal is not genuine, or that the Proposer did collude with other parties, or engaged in any anti-competitive or fraudulent practices in connection with this procurement process, JSSD may immediately terminate any resulting contract and seek any remedies available in equity or at law.

2. SELECTION PROCESS

A. Changes to the RFP Schedule

JSSD may make changes to the RFP Schedule, in its sole discretion. Deadlines shown on the RFP Cover Sheet that apply to JSSD, such as the Last day to for JSSD to issue addenda and clarifications, are estimates only, and may be adjusted by JSSD in its sole discretion.

B. Addenda to the Request for Proposals

JSSD may make changes to the RFP, by issuing a written addendum to the RFP which will be issued to all firms or individuals that submitted a Notice of Intent to Submit a Proposal.

C. JSSD’s Procurement Options

Based on submitted information, JSSD may do or take any of the following actions, without limitation:

- select a Proposer based solely on the written Proposals, with or without subsequent negotiations;
- ask for more information or Clarifications before making a selection;
- determine a Short List, conduct Discussions, and/or request Best and Final Offers (“BAFOs”) before making a selection;

- if a material error in the RFP is discovered during the evaluation process, JSSD may issue an addendum to all Proposers that have submitted Proposals requesting revised Proposals based upon the corrected RFP.
- decline to accept any Proposal;
- re-advertise;
- cancel the RFP without awarding a contract;
- cancel the RFP and award the contract on a sole source basis;
- elect to otherwise procure the needed services in accordance with JSSD policy and procedures.

JSSD reserves the right to negotiate price, scope, schedule, and other contract terms with the preferred Proposer after a selection is made.

D. Responsiveness

Proposals that are conditional, that attempt to modify the RFP requirements, that contain additional terms or conditions, or that fail to conform to the requirements or specifications of the RFP may be considered non-responsive.

E. Responsibility

JSSD will not select a Proposer who is deemed by JSSD, in its sole discretion, to lack the ability or responsibility to perform successfully under the terms of the contract. Such determination of responsibility may encompass management, technical, legal, and financial matters.

F. Checking References

JSSD reserves the right to contact any reference specifically named by the Proposer in its Proposal or any other additional references as deemed appropriate by JSSD, including references suggested by the Proposer's named references or references known to JSSD through its own knowledge of the industry.

G. Requests for Clarification

The Proposer shall provide accurate and complete information to JSSD. If information is incomplete, appears to include a clerical error, or is otherwise unclear, JSSD may either (i) declare the Proposal non-responsive, (ii) evaluate the Proposal as submitted, or (iii) issue a Request for Clarifications to the Proposer stating the information needed and a date and time by which the information must be provided. If the Proposer does not respond to the Request for Clarifications in a timely manner, or if the Proposer's response is deemed to be insufficient by JSSD, in its sole discretion, then JSSD may declare the Proposal non-responsive.

H. Short Listing

JSSD may declare a Short List including only those Proposers that have a reasonable chance of being selected. JSSD will declare a Short List, if it chooses to do so, after a careful analysis of the Proposals. JSSD may declare a Short List of only one Proposer. JSSD will not be required to announce how many Proposers are on the Short List.

I. Discussions

JSSD may, at its sole discretion, conduct written and/or verbal Discussions with any of the Proposers on the Short List regarding the content of their Proposal. If Discussions are held, they will be held with all Proposers on the Short List.

J. Best and Final Offers

Although JSSD reserves the right to issue a request for Proposal revisions (including Best and Final Offers), JSSD is under no obligation to do so. JSSD may make its selection and award based on the initial Proposals submitted.

If JSSD requests Proposal revisions and/or BAFOs, Proposers on the Short List may be informed of and requested and/or allowed to revise their Proposals, including correction of any weaknesses, minor irregularities, errors, and/or deficiencies identified to the Proposers by JSSD following initial evaluation of the Proposals. The request for Proposal revisions and/or BAFOs will allow adequate time for the Proposers to revise their Proposals. Upon receipt of the Proposal revisions and/or BAFOs, the process of evaluation will be repeated. The process will consider the revised information and re-evaluate and revise ratings as appropriate. Although this RFP allows for Proposal revisions and/or BAFOs, all efforts will be made to make a selection based on initial Proposals. If Discussions are held, JSSD will attempt to limit the selection process to a single BAFO following Discussions. If a Proposal revision and/or BAFO is requested of a Proposer, and that Proposer opts to not submit a Proposal revision and/or BAFO, that Proposer's original Proposal or most recent Proposal revision, as appropriate, will be treated as its BAFO.

K. Best Value Determination

This is a Best Value procurement, in which selection of a Proposer is based on a combination of price and qualitative/technical components. Accordingly, JSSD might not select the Proposal with the lowest price, or the Proposal with the highest qualitative/ technical rating. JSSD will select the responsible Proposer whose Proposal is deemed to be the most advantageous to JSSD.

L. Negotiations

After selection but prior to award of the Contract, JSSD may, at its sole discretion, either conduct negotiations with the successful Proposer or JSSD may choose to

not conduct negotiations with the successful Proposer and award the Contract to the successful Proposer based on its written Proposal and any additional information received during Discussions and Proposal revisions and/or BAFOs, if conducted.

If JSSD and the selected Proposer are unable to reach a meeting of the minds on the scope, contractual terms, and/or price of the Contract, then JSSD may, in its sole discretion, negotiate with the next most advantageous Proposer or choose to terminate the procurement in its entirety.

If JSSD receives only one responsive Proposal, JSSD reserves the right to negotiate all elements of the Proposal and the Contract with the sole responsive Proposer, including, but not limited to, profit.

M. Board Approval

Execution of a contract with the selected proposer may be subject to the approval of the JSSD Governing Body.

The omission of any applicable law in this paragraph will not relieve Contractor from its contractual obligation to JSSD to comply with such laws.
- 3. RECORDS ADMINISTRATION:** The Contractor shall maintain all records necessary to properly account for the payments made to the Contractor for costs authorized by this contract. Contractor shall retain those records for at least four years after the contract terminates, or until all audits initiated within the four years have been completed, whichever is later. The Contractor is responsible for the payment of all income tax and social security tax due as a result of payments received from JSSD for these contract goods or services. JSSD shall pay Contractor its costs, including contract close-out costs, and profit on work performed up to the time of termination. To be paid those costs, the Contractor must promptly submit its termination claim to JSSD. If the Contractor has any property in its possession belonging to the JSSD, the Contractor shall account for the same, and dispose or deliver it in the manner the JSSD directs.

To terminate for default, JSSD must serve a notice of termination on the Contractor describing the nature of the Contractor's default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by JSSD that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, JSSD, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

- c. **Opportunity to Cure.** JSSD may, in the case of a termination for default, allow the Contractor a period of time, to be determined by JSSD (but, in no event shall such time be less than five (5) days), to cure the default (that period of time, the "Cure Period"). In such case, the notice of termination will state the time period in which cure is permitted and other conditions deemed appropriate by JSSD.

If Contractor fails to remedy the default to JSSD's satisfaction within the Cure Period, JSSD may immediately terminate the Contract for default. Termination for default will not preclude JSSD from also pursuing all available remedies against Contractor and its sureties for the default.

- 11. INSPECTIONS:** Goods furnished under this contract will be subject to inspection and testing by the JSSD at times and places determined by the JSSD, as may be more specifically set forth in the contract of which these Standard Contract Terms are a part. If JSSD finds goods furnished to be incomplete or not in compliance with bid/proposal specifications, JSSD may reject the goods and require Contractor to either correct them without charge or deliver them at a reduced price which is equitable under the circumstances. If Contractor is unable or refuses to correct such goods within a time deemed reasonable by JSSD, then JSSD may cancel the order in whole or in part. The goods will be accepted or will be deemed to have been accepted by the JSSD no later than ninety (90) days after delivery unless the JSSD notifies Contractor, in writing, to the contrary during said ninety (90) day period stating how the goods are not in compliance with the Contract ("Acceptance"). After Acceptance, Contractor's sole liability and the JSSD's exclusive remedy for defective goods shall be Article 13 (Warranty).
