

BID CANCELLATION NOTICE

Owner:	Jordanelle Special Service District
Engineer:	Bowen Collins & Associates
Project:	Old Highway 40 Pump Station and Treatment Project
Engineer's Project No.:	056-20-01

The bids for the Jordanelle Old Highway 40 Pump Station and Water Treatment Plant Project were received on May 27, 2021 at 2:00 pm and were afterward evaluated by Bowen Collins & Associates (BC&A) and Jordanelle Special Service District (JSSD). A bid tab report is attached. Due to recent and unprecedented escalation in materials prices related to the COVID-19 pandemic, the bids that were received exceeded the allotted budget set aside for this project.

After considerable discussion between all involved parties, the JSSD Board of Directors has decided to cancel this bid, delay this project, and re-bid the project at a future date.
